<p><b>Vision/Scope of Allocation</b>          Provided for you.</p>	<p>Bring together STEM actors within and across regions, actively looking for cross-regional benefits and cohesiveness</p> <ul style="list-style-type: none"> <li>● Transform STEM learning with innovative and integrated 3P instruction opportunities</li> <li>● Create business-community-education STEM partnerships</li> <li>● Build equitable, inclusive change by investing STEM resources and opportunities in places with demonstrated need</li> <li>● Scale STEM successes in and across our regions related to MiSTEM goals and culture</li> </ul>
<p><b>Project Description</b>          1-2 paragraphs or bulleted lists to give insight into the project goals</p>	<p>As part of the Project Based Learning Design Cohort, teachers will deepen their understanding of project based learning and the impact it can have on student learning and engagement. Teacher/Educator Leaders from the EUP will attend a three day session in July where they will work with colleagues from Oakland County and other MiSTEM regions to learn about and plan project based learning experiences for their students. Teachers will come back together during the school year (both virtually and face-to-face) to reflect on their practice and collaborate with other cohort teachers. They will also have the opportunity to collaborate online and receive continual support as they implement PBL with their students. This group will also plan for a three day workshop in the summer of 2024 modeled after the Oakland County workshop from July of 2023.</p> <p><b>Goals:</b></p> <ul style="list-style-type: none"> <li>● Introduction to high quality project based learning</li> <li>● Educators develop projects to implement with students over the course of the 2023-2024 school year</li> <li>● Planning for a summer 2024 workshop for additional EUP teachers</li> </ul>
